

20 June 1977

Office of the DD/S&T

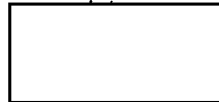

TO: James H. McDonald

SUBJECT: Biological Effects of
Ionizing Radiation

REMARKS:

Jim

Neither ORD nor OTS have any
efforts going on the biological
effects of ionizing radiation.
Thank you for coordinating
with us.

Tom:

I hope you don't mind my taking the liberty of forwarding this on to the DDS&T for action, but we in the Office of Logistics have no way in our CONIF System of identifying research by a subject file. I checked with Dr. Bohrer, Director of Medical Services, and he has no efforts going in this area either. There is some thought that perhaps OTS or ORD may have had some research efforts in this area. I gather from the letter that, if we do not have any activities, no response is necessary. However, if the DDS&T is involved, John [redacted] Office of General Counsel, extension [redacted] would like to be put in touch with the appropriate individuals involved.

James H. McDonald
